

**Deepening Our Soul Connections:
An Advanced Retreat Bridging Personal and World Soul Work**

You are invited to join us in deep reflection and collaboration on our personal lives as it relates to our relationships, communities, and the world soul in these changing times.

for Men & Women

April 16-18

Cal-Wood Education Center, near Boulder, CO

This retreat offers participants a forum to explore and challenge some of the deeply held beliefs and resistances we have living into our best selves and manifesting that in the world. At the core this movement of the soul is about self-care. How we treat ourselves has everything to do with how we treat our partner, our family, our friends, our community, and the earth. This retreat provides a wonderful opportunity to deeply bless our relationships within and in our world.

Other Upcoming Programs:

**~ The Art of Leadership Training ~
July 16-23, 2010 ~ Estes Park, CO**
